TMS Tournament entry

Documentation for entry, account creation, payment process

Martin Wallenböck

10.03.2024

Introduction

In this documentation we explain the process of registering for a tournament on the Tournamentsoftware tournament platform.

It also explains how to create an account if you don't already have one.

The payment process used in some tournaments is also explained here.

Create a tournament software account

In order to take part in tournaments, an online entry is required, which usually has to be done by the player himself.

This mention is made via the results service:

www.tournamentsoftware.com

Create a tournament software account

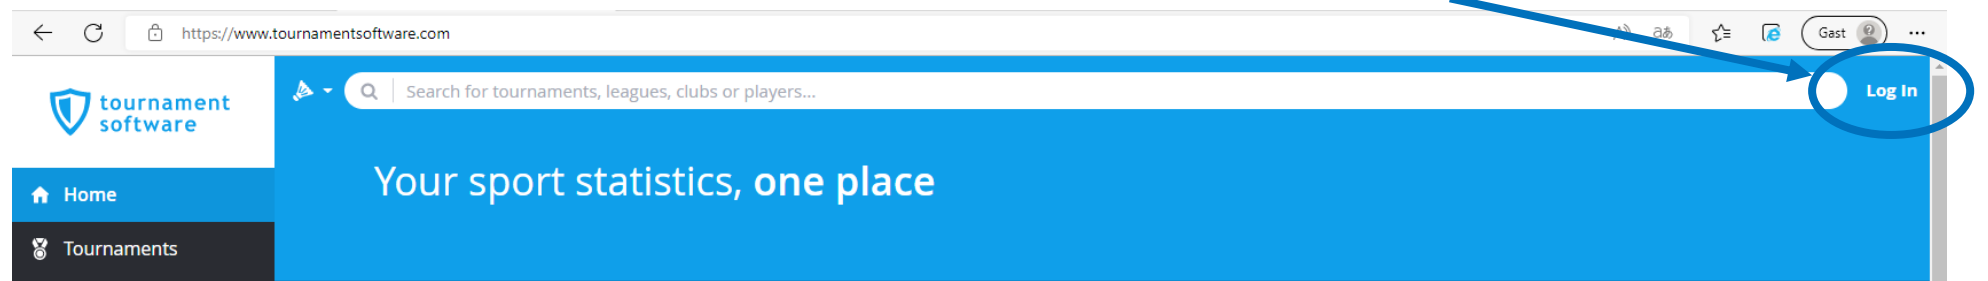

Each player must create an association (country)-independent account once.

This should be noted as some associations operate their own player databases on this platform and therefore these accounts only work in this association.

An independent account can be used for entry to non-association tournaments and can also be adopted by the associations into their own structure.

The player data and the correct sport must now be entered here.

A user name (identification), email address and a password must be provided here.

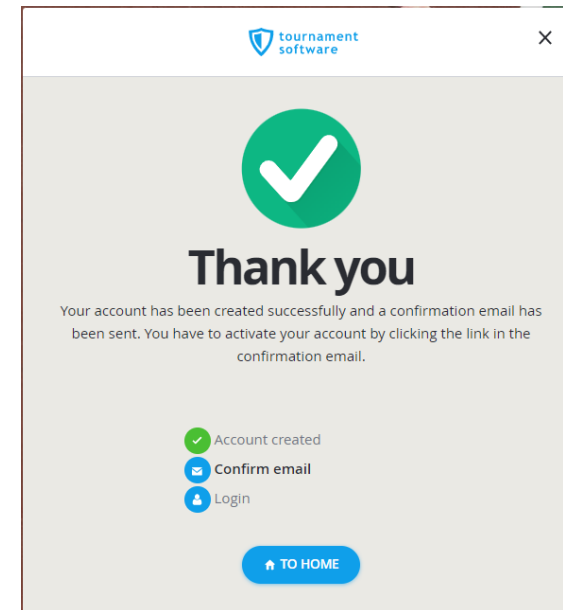

A screenshot of a web-based sign-up form for tournament software. The form is titled 'Sign up' and is part of a 'tournament software' interface. It contains several input fields: 'First name' (with 'Firstname' entered), 'Middle name', 'Last name' (with 'Lastname' entered), 'Select sport' (a dropdown menu with 'Badminton' selected), 'Login name' (with 'firstname.lastname1@outlook.com' entered), 'Email' (with 'firstname.lastname1@outlook.com' entered), 'Password', and 'Confirm Password'. All fields are marked with an asterisk (*). A blue 'SIGN UP' button is located at the bottom of the form, and a link for 'Already have an account? Log in' is positioned below it.

The password must meet security requirements.

If the registration was successful, you will receive this success message.

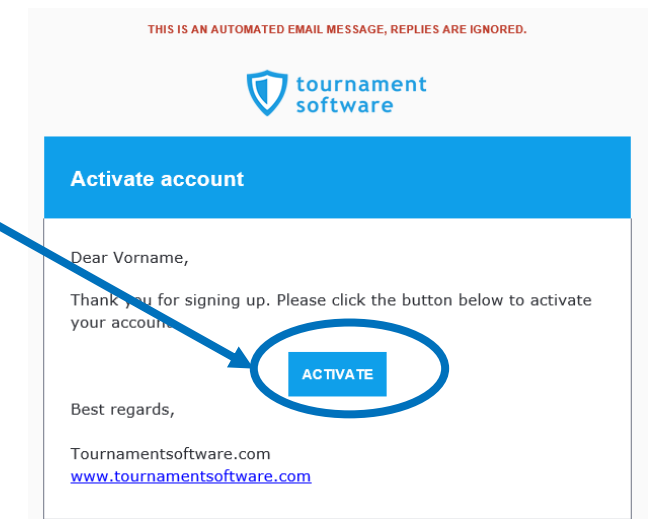

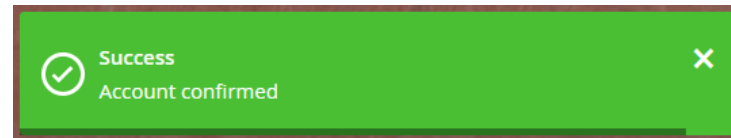

An email will now be delivered with a verification link to confirm the email address.

Create a tournament software account

You then have to click on the activation link in the email.

Player profile

The profile information should be completed after creating the account.

The login link is at the top right of the website
www.tournamentsoftware.com

The image shows a screenshot of the website www.tournamentsoftware.com. The browser address bar shows the URL. The website header is blue with the 'tournament software' logo on the left and a search bar in the center. On the right side of the header, there is a 'Log In' link circled in blue. Below the header, there is a navigation menu with 'Home' and 'Tournaments' links. The main content area has the text 'Your sport statistics, one place'. An inset image shows a close-up of the login form, which has a 'Log in' button circled in blue. The login form includes fields for 'Login name' and 'Password', and a 'SIGN UP' button. There are also links for 'Lost your password?' and 'Lost your login name?'.

Tournament entry

Tournament entry

In order to register for a tournament, it is necessary that each player logs in with their personal account. If you don't have an account yet, you need to create one - see also this documentation.

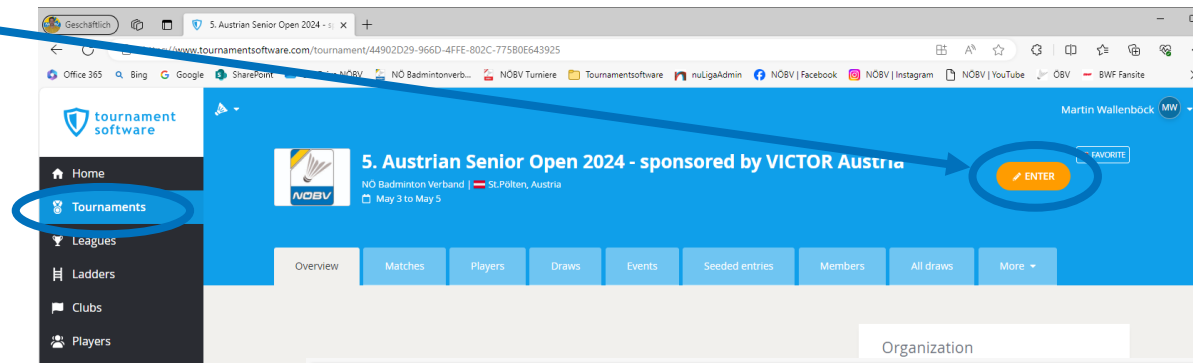

The login link is at the top right of the website
www.tournamentsoftware.com

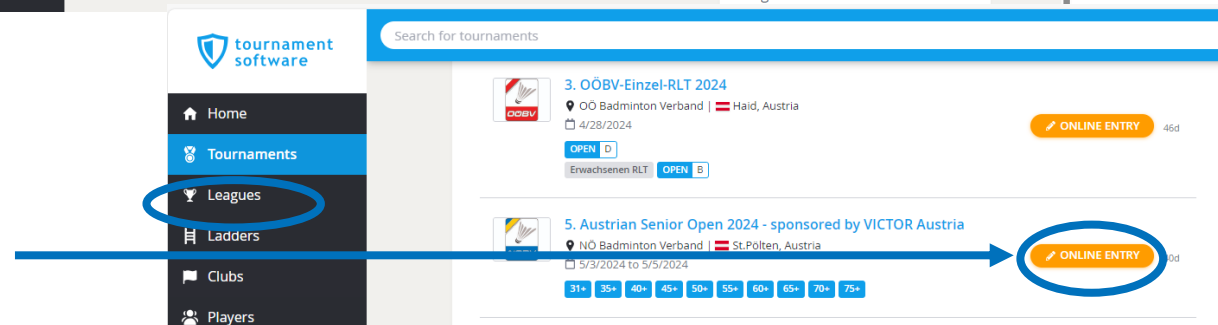

Log in here with your access data

Tournament entry

After logging in, search for the tournament you want and click on “enter” on the right.

It is also possible to click on “online entry” directly in the tournament search.

If you are not logged in yet, you will be prompted to do so now.

Tournament entry

The personal data from the account will now be displayed. These must be checked and corrected if necessary.
